Seats that look moulded. So, make yourself comfortable! Your journey through a seating landscape of chairs starts here. It can go high if you choose – thanks to clever stacking. And no matter how long the business trip, there will be no shifting of chairs here. So which one will it be? We are spoilt for choice.

We create furniture, acoustic and lighting solutions that accommodate the demands of the changing workplace. In a relentless pursuit of bettering the world through design, we provide the key building blocks needed to create well-balanced spaces to make professionals feel at home wherever they are.

## framery

Framery is a pioneer and leading company in manufacturing and developing soundproof private spaces and pods that enable and reinforce happiness in workplaces. Framery was founded in 2010, and its products solve noise and privacy issues in dozens of the world's leading brands' offices

INTRODUCING

# brunner ::

"We live for furniture that makes new things possible."

-- Dr. Marc Brunner

## Brunner over the years

It all started with an idea.

An idea that lay the foundation stone for the future of Brunner and its employees. A passion for excellent furniture and the willingness to combine innovation and practicality against all odds. This was the primary motivation of Rolf and Helena Brunner from the start and it has since remained that way: We have been seeking out challenges and solving problems, preferably those of the future, since 1977. It will always be that way.

INTRODUCING

# framery

Happiness creates success.  
Framery creates happiness.

## How do you feel on Monday morning?

Studies show that most of us work for over 30 years of our lives. That's more than the time you spend with your partner, eating, travelling, exercising or watching movies – combined. However, research shows that most of us won't go to work happily.

Find out how Framery increases happiness at work and the tools we are using to achieve that.

**Framery O**
